**RESPONSE TO RESTRICTION REQUIREMENT**

Sir:

In response to the Restriction Requirement mailed from the United States Patent and Trademark Office on May 26, 2006, Applicant hereby requests entry of the following election.

**Election**

Applicant hereby makes the following species elections:

- (a) a specific labeled probe that is a sequence specific label;
- (b) a specific nucleic acid that is genomic DNA;
- (c) a specific profile type that is an average;
- (d) a specific polymer state that is completely stretched; and
- (e) a specific intensity profile that is obtained from polymers in flow.

These species elections are made with the understanding that they are required for examination purposes only and that upon allowance of a generic claim, Applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of the allowed generic claim.

#### Remarks

In response to the Restriction Requirement, Applicant has elected the afore-mentioned species. This election embraces at least claims 1-7, 9-12, 14-16, 18, 21, 23-36, 38-44, 46, 48-51, 53 and 54.

Having made this election, Applicant expressly reserves the right to file one or more divisional applications on the subject matter of the unelected claims (e.g., should claim 1 in its generic form not be found allowable).

#### Summary

If the Examiner has any questions and believes that a telephone conference with Applicant's representative would prove helpful in expediting the prosecution of this application, the Examiner is urged to call the undersigned at (617) 646-8266.

Respectfully submitted,

---
